Lorie, I do not ask for many favors, but do you have any pull as the IA branch chief to help Carmen out... she is one of our EPA best employees, and was impacted by the Hurricane (she is out of the Houston Lab)... or if you have any suggestions on how to help her, I will owe you big time...

With Regards, Steve

Subject: If anyone can help with getting me a FEMA inspector

Hello, friends,
Just in case you know someone who can help:
I've been waiting for several weeks to get a FEMA call and inspection.
Most of my neighbors have already had one.

Maybe you know someone out in one of our field offices that can expedite this? If so, it would be the single most important assistance for me at this time. Thanks so much. ~Carmen
